

# **UPM** Product safety profile **UPM Communication Papers**

WFU Paper (UPM graphic, preprint, postal, label & copy papers)

Production site: Nordland Papier

## SAFETY INFORMATION

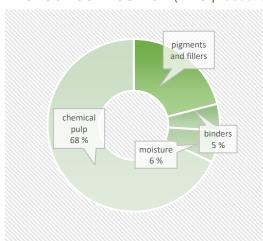

Paper is defined as an article, not a substance or a mixture. There are no known health or environmental hazards in the product. The product isn't classified hazardous according to Global Harmonized System (GHS). In case of fire: Water or powder can be used for extinguishing.

1.9.2021

### PRODUCT SAFETY MANAGEMENT

- Certified quality management system ISO 9001 at the mill
- Certified environmental management system ISO 14000 at the mill
- Certified health and safety management system ISO45001 at the mill
- EU Ecolabel
- EU Eco-Management and Audit Scheme (EMAS)

# PRODUCT COMPOSITION (WFU production annual average composition)

## **DECLARATION OF COMPLIANCE**

The paper grade(s) listed in this declaration are made of primary fibers are tested for suitability for food contact. Their compliance with the following food contact, toy and packaging regulations is confirmed by an independent laboratory, Papiertechnische Stiftung (PTS) 26.5.2021.

The paper grade(s) comply with:

- EU Framework Regulation for food contact materials 1935/2004
- Law concerning revisions of the foodstuffs and animal feed legislation (LFGB) of updated version 20. Nov. 2019, §§ 30 and 31, Germany (dry foods at temperatures up 90 °C)
- The German recommendation XXXVI of Bundesinstitute für Risikobewertung (BfR)

The paper grade(s) have been manufactured in accordance with Commission Regulation (EC) No 2023/2006 in Good Manufacturing Practice. Information of BfR XXXVI limited substances and dual use additives listed in EU 1333/2008 or 1334/2008 are available on request.

In addition to food contact, the paper grade(s) are suitable to be used in toy and packaging applications. The paper grade(s) comply with regulations

- EN 71-3:2013 Safety of Toys. Migration of certain elements
- EN 71-9:2013 Safety of Toys. Organic chemical compounds
- ASTM F963-96a Standard Consumer Safety Specification on Toy Safety (USA)
- EC 94/62 Directive on packaging and packaging waste and its amendments
- CONEG, Toxics in packaging legislation, USA

## **STATEMENT**

The products are tested for suitability for food contact and in compliance with food contact regulations in Europe and with the Food Contact Guidelines for the Compliance of Paper & Board Materials and Articles (March 2019). Pls. note that between EU countries there is principle of mutual recognition in place. The products are suitable for use in toys and in connection with electronical devices. The products have no antimicrobial property. They are manufactured to comply with packaging material and packaging waste requirements.

Following substances or substance groups haven't been intentionally added (>0,1 w-%) to WFU products of UPM Nordland Papier mill.
