

Post-it® Z-Notes

One hand wonders

Ready when you are, Post-it® Z-Notes let you scribble down your thoughts in a flash, even when you've got your hands full.

Chose your dispenser and fire it up with the colour of your choice from a wide range of refill pads.

Post-it® Z-Notes are made of high grade of paper, coated on the back side with 3M's unique repositionable adhesive. They are designed to stick wherever desired and easily lift cleanly off of most surfaces.

REF	DESCRIPTION	DIMENSIONS	PADS /PACK	SHEETS /PADS
R330	Canary Yellow Z-notes	76mm*76mm	12	100
R350	Canary Yellow Z-notes	76mm*127mm	12	100

R350-NR	Neon rainbow pack with 6 Z-notes pads : 2 neon yellow, 1 neon green, 1 purple, 1 neon pink, 1 neon orange	76mm*127mm	6	100

TECHNICAL CHARACTERISTICS

ADHESIVE	
Adhesive material	Acrylic repositionable
PAPER	
Paper type	Uncoated paper 100 % virgin pulp
Paper bleaching	ECF type
Paper origin	Europe
Paper certification	Preferably certified pulp sources (FSC, PEFC...)
Paper weight	70 – 72 gsm
BACKSHEET	
Paper type	Printed white uncoated paper 100 % virgin pulp
Paper bleaching	ECF type
Paper origin	Europe
Paper certification	Preferably certified pulp sources (FSC, PEFC...)
Paper weight	70 gsm
PACKAGING	
Primary pack	OPP Film
Shipper	Corrugated board with minimum of 70% recycled fibers
Pallet	Wood pallet + Stretch PEBD film

ECF stands for **Elemental Chlorine Free** meaning that no Cl_2 is used for bleaching the pulp (Cl_2 is a very strong oxidizing agent which has negative effects on the environment).

END USER BENEFITS

FEATURE (HAS)	AVANTAGE (WHICH MEANS)	BENEFIT (SO THAT)
Fan folded notes for use in a dispenser	Notes pop up one at a time as they are pulled from the dispenser Non-adhesive end of the note is always pointed up for easy accessibility	Increases productivity and saves time as one handed dispensing
Assortment of popular attention-getting colours	Pleasing colours in the office	Personal profit / pleasure
	Specific points / messages can be highlighted	Saves time
Numerous size options	Correct size to meet user's needs.	Increases productivity
	Saves paper - use only the size/amount of paper needed to effectively communicate your message.	Improves quality of the environment
Repositionable adhesive	Convenient. Easy to make copies of document without removing staples. Allows you to make comments without damaging the original.	Saves time
	Notes do not hide/cover-up important information	Increases productivity
	Eliminates need for staples and paper clips	Improves quality of the environment
	Removable, reusable	Easy to use
	Can be applied to a variety of surfaces without damaging them	Reduces worry

ENVIRONMENTAL CHARACTERISTICS

FEATURE (HAS)	AVANTAGE (WHICH MEANS)	BENEFIT (SO THAT)
Papers used for Post-it® Notes preferably made from certified pulp sources (FSC, PEFC...)	This selection helps contribute to the protection of the environment, namely does not impact the old growth forest by using managed planted woods	Post-it® Notes fulfil customers' environmental expectations by our long history of continuous environmental improvements to minimize the impact of our manufacturing processes and products on the global environment
Post-It® Notes manufactured in an ISO14001 certified factory with on-going pollution prevention actions and programs	Volatile Organic Compounds continuously reduced as documented in the annual 3M France Environmental report	Plant emissions reduced by 98% over 1990-2005 period
	In-process and ultimate paper wastes collected and managed through dedicated waste stream recycling	Manufacturing paper waste shipped to a waste paper collecting company for further recycling
	3M has a strong environmental management system in place according to ISO 14001 standards and regularly checked by notified body since 1996	Pollution risk occurrences minimized at all stages of the manufacturing process as required by ISO14001 principles and practises Factory site practises recognized with 2004 "Enterprise & Environment" national award
Post-It® Notes can be recycled	Notes can be treated like any other office waste paper as documented by 3M Company position letter dated Nov 18,2002	Notes can be disposed in paper office waste bins therefore go through the normal paper recycling waste stream
Post-It® Notes are primarily manufactured locally for European market	Reduction of the shipping/transportation distances between supplier and customer therefore reduces fuel consumption and emissions for delivering goods.	Reduction of the fuel consumption associated with transportation
